Art Unit: 2816

1. The election response filed on 3/18/05 has been received and entered in the case. Claims 41-43 are hereby withdrawn from consideration by the examiner because they are directed to the subcombination data buffer of group II, rather than elected group III.

2. The disclosure is objected to because of the following informalities: on page 12 of the specification, the sentence on lines 29-30 makes no sense because Fig. 7 does not show any FETs 601-604, or any data output buffer 600. On page 13, line 9, "with" should be changed to --to--.

Appropriate correction is required.

3. The drawings are objected to because Figs. 1-3 need "prior art" labels. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures

Art Unit: 2816

must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

4. Claims 28-40 are allowed.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth B. Wells whose telephone number is (571)272-1757. The examiner can normally be reached on Monday through Friday from 8:30am to 5:00pm.
